

PARENT INFORMATION MEETING

Attend one of our three scheduled parent meetings to learn about our new Department of Mental Health Services. Mental health challenges among children and adolescents can bring serious changes to the way they typically learn, behave, or handle their emotions, which in turn can cause distress and challenges in getting through the day. We are here to help.

LEARN ABOUT:

- How the M-DCPS Mental Health Services Department can help students and families
- Available District and community mental health resources
- Common signs that indicate your child may be experiencing stress or a mental health challenge
- How to request help for your child and your family
- Staff members will be available for questions
